

C. Photography club

Come to our photography club to find out everything you need to know about taking fantastic photographs. In the photography club, you will learn how to use your camera in different ways to take amazing pictures. ^{Q1:} We ^{once a week} meet every week at 3:00 p.m. in the college library, but we often go out to different parts of

^{Q4:} We hold a popular photography competition every year and put up the best pictures in the library.

Come to our photography club to find out everything you need to know about taking fantastic photographs. In the photography club, you will learn how to use your camera in different ways to take amazing pictures. We meet every week at 3:00 p.m. in the college library, but we often go out to different parts of the city to take photos. We hold a popular photography competition every year and put up the best pictures in the library.

D. Cooking club

The cooking club is always popular with students at the college. We meet once a month in the college kitchen near the big hall and cook dishes from different countries in every meeting. In the last meeting, we cooked an Italian pasta dish, and next we will cook a traditional Indian curry. Afterwards, ^{Q3:} we sit down and enjoy the food together. Please see the cooking club poster to find out what food to bring.

Which paragraph contains the following information?

1. This club meets once a week.
2. This club meets in a café.
3. People need to bring food to this club.
4. This club has a competition every year.
5. This club meets twice a week.
6. Once a year, this club has an event which lasts a whole day.
7. There are a lot of new people in this club.
8. This club meets near the big hall.

Exercise 2

Reading 2

Read the letter from Rachel to her pen-friend Susie. Then complete the exercise.

Dear Susie,

Thank you for your letter. I'm writing to tell you

about the sports I enjoy doing. ^{Q1:} I like playing tennis and

swimming, but my favourite sport is cycling. ^{Q2:} I got my

first bike when I was 8, and I started cycling to school

with my sister, Helen, when I was 12. Now my sister

goes to a different school, so I ride to school with my

friend Laura. ^{Q3:} At the weekend, I often go cycling in

the countryside with my parents and Helen. We cycle

all day and take a picnic for lunch. We go cycling in

winter and summer, but I prefer cycling in winter because the countryside looks pretty. I like taking photos on my phone of the trees and animals.

I also go on cycling holidays with my family. ^{Q4: normally} We usually go to the north of

England, but last summer, we went to the mountains in the south of Spain.

We all enjoyed cycling in the day and going to restaurants in the evenings. It

was sometimes difficult to cycle in Spain. ^{Q5:} It was not difficult to cycle in the

mountains because we had mountain bikes, but the weather was very hot, so we

got quite tired. I would like to go cycling in Spain again next summer, but my

parents want to go cycling in Scotland.

^{Q6:} I also cycle for my school team. My friend Laura joined the team two years ago,

and I joined last year. We race against cyclists from other schools. Last year, I

won second prize in the 10km race. I was really happy, but next year I will try

to win first prize.

^{Q7:} In your next letter, please tell me about the sports you like. What is your

favourite sport? ^{Q8:} Are you in a team?

Hope to hear from you soon.

Best wishes,

Rachel
